

# RED ROSE

# Security & Development

# Packages & Pricing

A decorative red vine graphic with leaves and small flowers, extending from the top left corner down the left side of the page.

With the help of Red Rose Security & Development (RRSD), your business has the chance to bloom. In this Packages & Pricing Guide, each service is listed in detail with a fixed and/or hourly price. **This is because RRSD lets clients pick and choose what services to include in their custom built plan.**

The background of the entire page is a close-up photograph of several large, vibrant red roses. The petals are detailed and layered, creating a rich, textured appearance. The lighting is dramatic, with some areas in shadow and others brightly lit, highlighting the texture of the petals.

**FREE Training**

# Custom Built Packages

**Red Rose Security & Development** offers clients the opportunity to custom build their packages. From web design and branding to computer services and web security, business owners are bound to find **exactly what they're looking for.**

## **Basic Website Design - \$170+**

Our specialists will build you a 4-5 page website. This includes basic pages like "About", "Portfolio" and "Contact". Additional pages are available at a per-page fee.

## **Detailed Website Design - \$300+**

Our specialists will build you a 5-7 page website. This includes basic pages like "About", "Portfolio" and "Contact" and business specific pages of your choosing. Additional pages are available at a per-page fee.

## **eCommerce - \$500+**

For business owners with products to sell, we will build an eCommerce platform into your website. This includes listing your products, prices + descriptions, setting up payment and training you to operate the platform yourself.

## **Branding - \$300+**

With the help of RRSD's branding specialists, business owners will bring to life the brand of their dreams. Our basic branding plan includes logo designing and 3 visual aids (flyers, social media posts, etc.) Additional visual aids are available upon request at a fixed price fee.

## **Copywriting + SEO - \$30/hr**

Our talented copywriters provide clients with top-quality, SEO-orientated work. This includes writing the content for your business's website and any other copywriting needs.

## **Blog Writing - \$30/500 words**

RRSD provides professional, top-rated bloggers that are capable of delivering high-quality, SEO-orientated blog posts. Blog posts are available at \$30.00 per 500 words.

## **SSL Installation - \$60+**

With an SSL certificate, your website offers a safe and secure online environment for clients and visitors. RRSD will purchase and install the SSL certificate that's exclusive to your domain. While installing, we will also perform a quick security checkup on your server.

## **Basic Security Integration - \$275+**

With our Cyber Security integrations, business owners will gain an extra layer of privacy and security for themselves, their business and their employees. This includes anti-virus installations and VPN configurations.

## **Advanced Security Integration - \$500+**

With our Advanced Security integrations, business owners will gain an extra layer of privacy and security for themselves, their business and their employees. This includes anti-virus installations, VPN and firewall configurations and vulnerability testing.

## **Custom Web Hosting - Custom Pricing**

For businesses wanting a more personal service, we offer web hosting plans custom built to fit your business. With this service, we will build a server that will meet all of your needs and expectations as a business owner. Consultation is necessary for exact pricing. This service includes building a server, setting it up + monthly maintenance and upkeeping.

## **Third Party Web Hosting - \$15/mo**

We also offer basic third party web hosting. This service is perfect for businesses that don't require more than the basic necessities in terms of space, security and access. Our smallest plan starts at \$15/mo.

# Custom Built Packages

## **Server Admin/Maintenance - \$50/hr**

Our team of skilled cyber security experts will assess the state of your business's server on a regular basis. This helps to prevent vulnerabilities, bugs, viruses, technical issues and third party attacks. Should an issue arise, our team also provides maintenance.

## **Data & Control Management - \$50/hr**

With this addition, businesses can rest easy knowing their data is in the hands of professionals. Our specialists will secure your business's data while performing routine data back-ups.

## **Penetration Testing - \$70/hr**

Our cyber security experts will use their pen-testing skills to perform in-depth security assessments of your website, server and any other business-related components.

## **Tech Support - \$40/hr**

This service offers clients on-call tech support. This can include server migration, bug fixing, recovery, diagnostic services and remedies for any other technical issues that appear.

## **Diagnostic Services - \$75**

If your server, business or electronic device is having internal issue(s), our specialists will put together a diagnostic report on the primary problems causing the issue(s). We will then put together a summary of how to fix the issue(s), including a quote on what we'd charge to fix it.

## **Website Training - FREE**

All services include extensive training on how to operate your website after all is said and done. You'll learn how to post content, manage your eCommerce store (if applicable) and everything in between. The free training does not include training on server maintenance/upkeeping.

## **Programming Services - Custom Pricing**

Our programming services give business owners and individuals the opportunity to create an easier workday for themselves and their employees. Our specialists can aid in front-end and back-end development. We specialize in the following languages: C, C++, Python, HTML, PHP, Pascal, Delphi/Objective Pascal and SQL. Consultation necessary for exact pricing.

## **Malware Analysis & Removal - \$55/hr**

If your electronic device is suffering from a malware infection, our professionals can help. We offer malware analysis services to identify the problem + removal services to rid you of the problem. Additionally, our professionals take the necessary measures to prevent the issue from arising again in the future.

## **Script Automation - Custom Pricing**

Our professionals excel in custom building scripts for special or regular use. Scripts can help complete daily tasks like mass social media postings, instant email replies and/or other relevant tasks. Scripts can also aid in messaging services, payment platforms and everything in-between. Consultation necessary for exact pricing.

## **Custom PC Building - \$60+**

If you're in the market for a new PC, our professionals will custom build you the PC of your dreams. We take into account exactly what you're looking for in terms of parts, add-ons and your budget. We charge an affordable building fee (listed above) + the cost of the parts. Get your custom PC shipped to you or pick it up at your local preferred PC shop.

## **Advanced Website Training - \$175+**

For an additional fee, our specialists will train you on server maintenance, administration and security related upkeeping. This service is ideal for businesses that want to learn the internal ropes past the free basic website training. At the end of our advanced training, you will know all of the necessary steps to maintain your business online independently.

# Custom Built Packages

## Custom Built Software - Custom Pricing

If you or your business requires personalized software to enhance your services or create an easier workday/workload, our skilled programmers can help you breathe life into your idea(s). From custom built business messaging platforms to basic or complex algorithms, we can help. Consultation necessary for exact pricing.

## Virtual Assistance - \$20/hr

Our specialists offer on-call and/or pre-discussed hours for virtual assistant services. We help with organization, daily time-consuming tasks, answering phonecalls and emails, taking messages and other basic and/or complex tasks related to you and/or your business. Our virtual assistants are available at an on-call hourly wage or a pre-discussed short-term or long-term contract (with a discounted hourly wage). The price listed here is for on-call assistance.

## Backup & Recovery - \$75+

Our specialists will perform a cloud-based backup of your data to prevent data loss in the occurrence of an internal disaster. Additionally, if the internal disaster has already occurred, our team will work to recover what was lost. After recovery, we will backup the data to prevent another disaster from occurring in the future. The price listed is for performing the backup. A consultation is necessary for pricing on recovery.

## Other Computer Services

RRSD offers a variety of computer services - some of which are not listed in this pricing guide. If you have a question involving a service not listed here, please contact our team at [info@redrosesecdev.com](mailto:info@redrosesecdev.com). We'll be happy to help.

Pick and choose the services that are **of value** to **you** and your **business!**
